

Description

HDMI Matrix Switch

MODEL: HDM4400

4X4 HDMI Matrix Switch Extender over CAT.5e/6

Made in Taiwan

It's the powerful solution for 4 x 4 HDMI Matrix Switch Extender over CAT.5e/6. Each receiver is capable of connecting another 2 receivers for further 100m (point-to-point). The HDMI sources are selectable by front buttons or IR remote control

Easy and convenient to control the long-distance RS-232 devices over CAT.5e/6 and real-time monitor each content of 4 HDMI sources at local site.

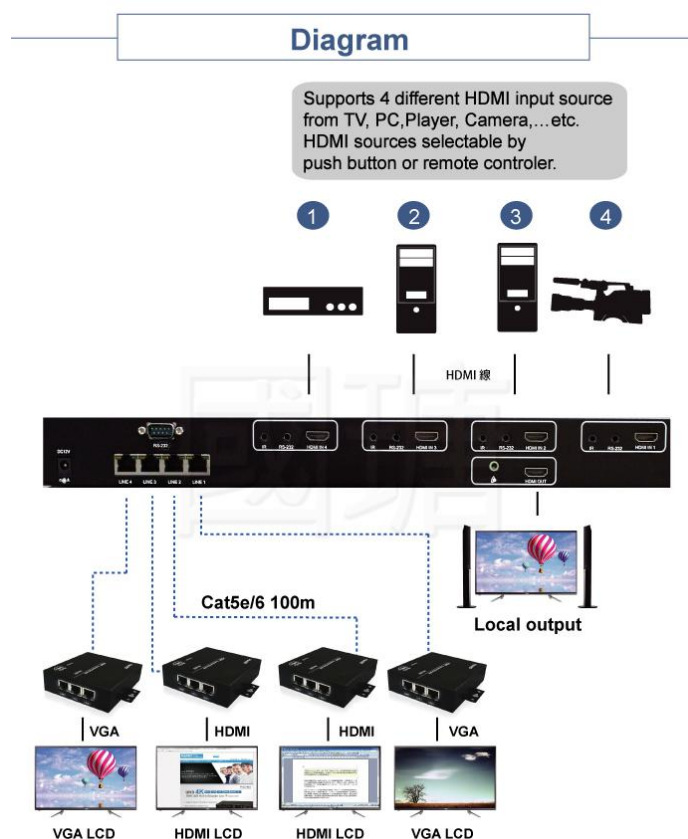

Features

Diagram
