

Description

# USB Adaptor

MODEL : PS21

2-Port USB to PS/2 Adaptor

USB PS/2

Made in Taiwan

The USB to Single or Dual PS/2 Adaptor from PANIO is the ideal solution for those who want to use legacy PS/2 devices on new USB systems. The USB to Single or Dual PS/2 Adapter allows you to connect a PS/2 mouse and keyboard through the USB port on any computer. It's the ideal solution for connecting a full-size keyboard and mouse to the USB Port on your notebook.
